DENISON.

The New Canning Factory at Work—A Bad Boy.

Denison, August 6.—The Denison canning factory, a new institution, fired up for the first time today. This factory has a capacity of 300 bushels daily. Tomatoes are being canned now, as that is about the only crop left. Next season extensive additions will be made, the work begun and everything canned.

A young man named Brocksmith from Sedalia, is on trial for taking a valise from a passenger coach here and rifling it. He is the son of Dr. Brocksmith, a well known physician at Sedalia, and is a young and rather prepossessing fellow. He was tried with two partners before for house-breaking. His partners were sent to the penitentiary and he set free at a heavy cost to his father.

THE SUNDAY LAW.

Prosecutions for Violations in St. Louis—A Better Observance Than the Week Before.

St. Louis, August 6.—The prosecuting attorney issued 104 warrants today against those who violated the Sunday law yesterday. All who violated the law previous to Sunday are also reported, but no warrants were issued in their cases. The total number of cases reported shows a far more general observance of the law than on the previous Sunday. In the central police district, the most important section of the city, only 156 cases were reported, against 256 last week, and the other districts showed a corresponding falling off in the number of offenders. The first of the liquor cases in court were dismissed today without trial, as there was no proof of the offence.

GREENVILLE.

Increase of Business Along the East Line Railway—Net Earnings.

Greenville, August 6.—A comparative statement of the business done at all the stations on the East Line railroad for the year ending August first, shows double the business transacted over the previous year with the exception of Dalgemfield which has fallen off. The business handled by the company at this place has trebled itself in the last twelve months. A comparison of expenditures and earnings shows that the road makes over four thousand dollars per week above expenses.

CRIMINAL CALENDAR.

A Virginia Shoots his Wife and Then Kills Himself.

Norfolk, Va., August 6.—John Simmons, a merchant of Deep creek, Va., shot and killed his wife and himself Saturday. No cause is assigned.

A MAINE MURDER.

Rockland, Maine, August 6.—At Vincent Haven Saturday Patrick Cane, a quarryman, struck Dock Campbell with an iron bar and then attempted to drown himself, but was prevented. Campbell died. Cane is subject to fits of temporary insanity.

Flower of Japan, the best line of teas in the city, at Combs, Read & Co's.

For repairing of all kinds go to Keller's carriage manufactory, Throckmorton street, near corner of Second.

BELLEVILLE.

Arrested for Murder Committed Nearly Twenty Years Ago—Crops.

Special to the Gazette.

Belleville, August 6.—Sheriff J. D. McConnell of Rains county, Texas, assisted by Sheriff John B. Lewis of this (Austin) county, arrested W. W. Brooks, alias Tom Hinton, charged with the murder of his uncle named D. W. Bass in Hunt county in 1855. Brooks is about fifty-five years of age, though from his snow-white hair one might judge him to be considerably more. After the murder he, with his family, lived about two years in Arkansas, when from some cause he became uneasy and again returned to Texas settling on the Brazos river in this county, about eight miles from Belleville, where he has since lived in perfect peace until yesterday, when the arrest was made. The relations of the deceased and the authorities were diligent in their efforts to discover the fugitive's whereabouts, but so complete were Brooks' arrangements that they were entirely thrown off the track and forced to abandon further search and his rendezvous was learned through some source not at first attainable. When asked about the murder he confessed, and claims to have done it in self defense. Some family trouble seems to have been the origin. His wife and several grown children are living in the county.

No rain yet, and the continued drought is doing much damage to cotton.

Belleville is improving continually.

SPORTING.

The Winners at Saratoga Yesterday—The Month Races.

Saratoga, August 6.—First race, dash five furlongs, for maiden two year olds, resulted in a dead heat between Hannah and Welcher King; Kyle 3rd. Time, 1:34.

Second race, mile and one furlong, won by Owen Bowling; Buccaneer, 2d; Sleum, 3rd. Time, 1:57.

Third race, three quarters of a mile, won by Assembler; Pearl Jennings, 2d; Bozee Sedon, 3rd. Time, 1:15.

Fourth race, one mile, won by Foxgatherer; Giegarine, 2d; Callao, 3rd. Time, 1:41.

The dead heat in first race was run off.

MONMOUTH RACES.

Monmouth, August 6.—Weather pleasant, attendance light, track fast. First race, three-quarters mile for two-year-olds, won by Manitoba; Hanthe, 2d; Blue Bell, 3rd. Time, 1:17.

THE LOUISIANA QUARANTINE.

Official Complaint of the Consul General at Matamoros.

Washington, Aug. 6.—The United States Consul-General, at Matamoros, has sent a telegram to the department of state in regard to the action of the authorities of Louisiana, in subjecting all vessels from Mexican ports to quarantine as follows:

The state of Louisiana has quarantined all Mexican ports. This is very unjust to Matamoros. There is no infectious disease here. The city is remarkably healthy, and there is strict quarantine here against Vera Cruz, Tampico, and all points south of 25° north latitude, under control of Texas quarantine officers. The New Orleans quarantine against Matamoros is needless, and inflicts great commercial damage. Cannot some means be taken to have it removed until there shall be cause.

The telegram was referred to the treasury department, and will be by that department referred to the Louisiana board of health.

REFLECTIVE MOODS.

Do you ever fall into them? For instance, when in want of a suit, a hat, some shirts or other "fixings," do you ever ask yourself where you can buy to the best advantage, and at the same time suit your taste? If so, and you are unable to answer, visit our house and we guarantee to solve the problem for you easily and pleasantly.

In the matter of SUITS, for example, those selling at eight dollars and a half are, of course, plain to look at; nevertheless, they will wear well and add to your appearance.

If you can afford a better and more DRESSY SUIT, ask to see those selling at \$11, \$12.50 and \$13.50. Our assortment is larger than you can find elsewhere, and the very best value is guaranteed for whatever sum you spend. Don't forget that if you buy an article from us and feel dissatisfied afterward, that you are at liberty to come back for an exchange or get your money refunded.

LITTLE ROCK.

OPERATORS ON GOULD'S ROADS ORDERED TO STRIKE.

Official Notice by the Brotherhood—The Walkout to Occur at Noon To-Day.

Special to the Gazette.

Little Rock, Ark., August 6.—Rumors of a pending strike of the telegraph operators along the line of the Iron Mountain railroad have been rife for several days, and it seems that a well-perfected plan has been made to cause a sweeping walk-out. The following orders have been placed in the hands of all the operators of the road: HEADQUARTERS BROTHERHOOD OF TELEGRAPHERS, LITTLE ROCK, ARK., August 6, 1883. To the operators and Agents of the Iron Mountain Railway:

Unless otherwise notified, all members working for the Iron Mountain Railway will suspend work at noon, St. Louis time, on Tuesday, August 7th. Agents should not refuse to perform their duties as agents, but absolutely refuse to touch a key. Mail at once notice of your concurrence with this order. By order of the executive board of the Brotherhood of Telegraphers of the United States and Canada. (Signed) W. D. SHAW, Sec'y.

The strike will embrace the whole Gould system. There are over a hundred operators along the line of the Iron Mountain. The operators at Little Rock will probably go out.

THE TELEGRAPHERS.

The Situation Yesterday—Railroad Operators Still Working at Noon.

New York, August 6.—The aspect of affairs regarding the telegraph strike is unchanged. The operators of the Delaware, Lackawana & Western Railroad were all working at noon today.

A healthy breakfast dish is Thurba's cooked oats, to be found at Combs, Read & Co's.

MCGREGOR.

New Buildings Going Up—Grain Shipments—Visitors and Prospectors.

Special to the Gazette.

McGregor, August 6.—Arrangements have been completed for the erection of a brick block of five stories here. The work will be commenced very soon. Mr. B. B. Moore of Pittsburg today has his large building forty-eight by eighty feet up, and it will soon be enclosed. The contract for the erection of a large hotel near the union depot has been let and the work will commence this week. Mr. Luc has already rented it, and will without doubt make it one of the most popular hotels on the line of the road. Messrs. Leinski & Albee of Waco will put in a large stock of jewelry here soon.

McGregor has up to today issued more bills of lading for car loads of grain than any town in Texas, and this we are able to prove.

Mrs. Meritt, mother of the editor of the *Press-Scimitar*, is visiting her son here and will remain several weeks. The town is full of prospectors and the hotels are crowded.

The weather is hot. All the storms that appear (but none have reached us) come up from the north.

For Sale.

Three three-ton Boyle ice machines. For particulars call on or address Fort Worth Ice Company. These machines can now be seen in successful operation, turning out full capacity of the purest and clearest ice manufactured in the state. They can be bought at a bargain, as we wish to make room for larger machines.

FORT WORTH ICE CO.

Attention, Teachers.

The board of trustees of the public free schools of Fort Worth, will meet at the Walden-Arnold Institute tomorrow (Wednesday) morning at nine o'clock, for the purpose of examining applicants for teachers for the public schools for the ensuing scholastic year.

Something nice—Johnson's grated coconut at Combs, Read & Co's.

Ribbon cane Texas syrup at Combs, Read & Co's.

M. de Lesseps again reports favorably on the proposed Sahara Sea scheme. Soundings to the depth of about 220 feet have shown the existence of nothing but sand. The African inland sea might easily be made with the aid of one hundred excavators, representing the work of one hundred thousand men. M. de Lesseps declares that the soil will allow the excavations necessary to connect the lakes with the Mediterranean, that the works present no extraordinary difficulty, and that the concessions asked for with regard to the forest and adjoining lands will make the scheme remunerative and wholly independent of state aid, subvention or guarantee.

We Don't Want

to buy any more stock. Our removal sale will last until September 1st. Bargains are plentiful in clothing and furnishing goods.
